WORLD TRAVEL ATLAS 10th Edition

the greatest travel atlas on earth

The new 10th edition World Travel Atlas has been specifically designed for both the travel trade and education. With over 400 specialist maps and 200 charts, the World Travel Atlas is an invaluable source of reference for anyone needing clear, accurate and topical global information.

All maps, charts and tables fully revised and updated with many new features including:

- ▀ **Additional continental climate charts** ▀ **Andorra focus map** ▀ **Expanded coverage of airports served by low-cost airlines** ▀ **Expanded coverage of the UK** ▀ **Positional maps on every relevant page**
- ▀ **Plus many more interesting facts and details.**

TOURIST ATTRACTIONS & EVENTS OF THE WORLD

incorporating the World Travel Dictionary

The Tourist Attractions & Events of the World – incorporating the World Travel Dictionary is a new publication that combines the two previous titles in one book. It is the only reference work of its kind to cover the world's most important tourist attractions and now contains practical and descriptive information on over 500 world tourist attractions. The revised edition is organised by country and individual attractions are arranged alphabetically. Each entry contains a detailed description of the attraction, including its history and highlights, transportation and a contact address. Every attraction also includes easy-to-read symbols detailing the available facilities and other practical information.

For the first time the book also contains a completely updated version of the World Travel Dictionary that will provide your students with a collection of over 800 of the most important terms used in the travel industry, along with a concise explanation of each.

WORLD TRAVEL WALL MAP

This double-laminated map is the largest specialist travel wall map available, measuring 1.6m x 1.1m and displaying indispensable country information:

- ▀ **3-letter airport codes on all major airports worldwide** ▀ **Political frontiers**
- ▀ **Major geographical features** ▀ **High-ground relief shading** ▀ **Sea-depth tints** ▀ **Maritime bad weather areas** ▀ **World time zones** ▀ **Flags of the world** ▀ **World climate** ▀ **Principal global cruise routes and ports of call** ▀ **Statistical information on specialist top 20s, including longest rivers, largest population densities, most visited countries and much, much more**
