International Society of Travel & Tourism Educators

Call for Workshop Presentations
2019 Annual Conference of the
International Society of Travel and Tourism Educators (ISTTE)

Conference Theme: "Exploring The Frontiers Of Tourism Education"
On board the Golden Princess departing out of Vancouver, BC
September 21 - 25, 2019

GENERAL INFORMATION

ISTTE is an international organization of educators in travel, tourism, and other related fields representing all levels of educational institutions. Our membership ranges from professional schools and high schools to four year colleges and graduate degree granting universities. Current membership is represented by travel and tourism educators in the United States, Canada, Australia, the Netherlands, Ireland, Great Britain, Germany, China, South Korea, and others.

Our 2019 Conference theme is **"EXPLORING THE FRONTIERS OF TOURISM EDUCATION"** and we expect a wide range of topics related to education, research and management in the field of travel, tourism, and hospitality services. We are particularly interested in the following suggested topics: *Industry Trends, Online Education and Cutting Edge Teaching Techniques*. The purpose is **not** to have research presented – as that is the function of the paper presentations – but rather to **explore issues related to the teaching and learning experience** of travel and tourism at all levels.

As an international organization, our membership encourages submissions from a wide variety of scholars and you are invited to join existing and new ISTTE members at our annual conference to network and discuss best practice with some of world's leading tourism experts. This year's conference will provide a forum for international educators, scholars, researchers, industry executives, corporate trainers, consultants, vendors, administrators, and government officials to explore contemporary issues related to travel and tourism from a variety of different perspectives.

Workshop Presentations

- Workshop presentations are designed to provide an opportunity for a focused presentation of topics of special interest to travel and tourism educators. Proposals for these sessions should strive to demonstrate an optimum level of thematic cohesion and value and designed to **provoke, challenge, and generate discussion**. These sessions are expected to be **45** minutes in presentation length with **15** minutes for Q & A.

- There are several workshop formats including: lecture, panel, roundtable, seminar or other. The presentation format selected should allow for an opportunity to discuss and debate contemporary issues of interest to travel and tourism educators.
